Subject: **Eleventh Funding Report: COVID-19 Homelessness Roadmap Funding Recommendations**

SUMMARY

On September 9, 2020, the City Council approved funding for the initial projects under the COVID-19 Homelessness Roadmap (Roadmap), and directed this Office to submit funding recommendations for projects via reports. This is the eleventh such funding report.

First, this report recommends construction funding for two new interim housing sites in Council Districts 14 and 15, with a total of 185 beds.

Second, this report recommends lease and sublease authorizations for interim housing sites located at 600 East 116th Place in Council District 15; 499 San Fernando Road in Council District 1; and 11303 Wilshire Boulevard in Council District 11.

Third, this report extends two Project Roomkey sites, the Mayfair Hotel and the LA Grand, by one month and two months, respectively, from their current closure dates, to stagger the ramp down and demobilization schedules. A total of \$2,048,743 in uncommitted balances from Emergency Solutions Grant - COVID-19 is recommended to support the ramp down of all the Project Roomkey sites by providing housing navigation staff, services, and short-term rental assistance.

Fourth, this report recommends increasing the Los Angeles Homeless Services Authority's (LAHSA) expenditure authority to implement the Rapid Rehousing/Shared Housing Program.

Fifth, this report recommends modifying the property names for Project Homekey 1 sites, realigning projected year-end savings, and providing the necessary funding for Project Homekey operations and rehabilitation for Fiscal Year (FY) 2022-23.

Lastly, the adoption of the recommendations in this report will fund the operation and service needs for all approved Roadmap interventions through June 30, 2023.

48. AUTHORIZE the CAO to:

- a. Prepare Controller instructions or make necessary technical adjustments, including to the names of the Special Fund accounts recommended for this report, to implement the intent of these transactions, and authorize the Controller to implement these instructions; and
- b. Prepare any additional Controller instructions to reimburse City Departments for their accrued labor, material or permit costs related to projects in this report, to implement the intent of these transactions, and authorize the Controller to implement these instructions.

BACKGROUND

The City of Los Angeles (City) reached an agreement with the County of Los Angeles (County) on June 16, 2020, to develop an additional 6,700 homeless interventions in the Roadmap to address the COVID-19 emergency within 18 months. This agreement establishes the following milestones:

- 700 beds in existing agreements with the County within 10 months;
- 5,300 new beds within 10 months; and
- 700 new beds within 18 months.

6,000 of these beds must be new beds, which are not included in any existing agreements between the City and the County. The County has committed to providing up to \$60 million in services per year over five years for a total of up to \$300 million or up to half of the estimated \$600 million cost for these beds over the five year term of the agreement, based on the number of interventions that are open and occupiable within 60 days of July 1 each year. The target population for this effort includes:

- People experiencing homelessness and living in the City within 500 feet of freeway overpasses, underpasses, and ramps;
- People experiencing homelessness within the City who are 65 years of age or older; and
- Other vulnerable people experiencing homelessness within the City.

As of March 31, 2022, 7,048 new interventions are open and occupiable, including 1,915 rapid rehousing/shared housing placements overseen by LAHSA.

DISCUSSION

New Interim Housing

This report recommends \$9,304,158 for two new Tiny Home Village housing sites with 185 beds, for which Council approved initial design and development funds in April 2022. (CF-22-0278-S1). A total of \$3,752,687 is proposed for the construction of a THV with 41 beds at a Metro-owned site at 600 East 116th Place in Council District 15. A total of \$4,869,572 is proposed for the construction of a THV with 144 beds at the City-owned site located at 850 North Mission Road in Council District 14. A total of \$681,899 is proposed to relocate the Bureau of Sanitation yard currently at 850 North Mission Road to another yard near Jesse Street and Mission Road. The BOE has conducted a CEQA analysis for these sites, which is transmitted under a separate cover. The Mayor and City Council must approve BOE's determinations that these uses are categorically exempt from CEQA. A future report will recommend funding for furniture, fixtures, and equipment and operating costs for both sites, and the authority for the GSD to negotiate and execute necessary license, lease, and/or sublease agreements for 850 North Mission Road.

A third interim housing site located at 1904 Bailey Street in Council District 14 will provide 75 new Roadmap beds. The \$2,835,250 recommended in this report will be used for start up, leasing, and operating costs through June 30, 2023. A future report will recognize an operator that will provide services for this site.

Additionally, this report authorizes GSD to enter into a sublease agreement with JWCH to provide services for an interim housing site located at 499 San Fernando Road in Council District 1. A future Roadmap funding report will recommend additional funding for leasing costs and operations after the sublease terms are finalized.

Council District 3 - Tiny Home Village Additions

On March 25, 2022, the Homelessness and Poverty Committee amended the 10th Roadmap funding report to instruct the CAO to identify funding for two additional pallet shelters at the Reseda Cabins Tiny Home Village site located at 19040 Vanowen Street in Council District 3. BOE conducted a site review and it was determined that only one additional pallet was feasible for this site. A total of \$88,619 is recommended for the fabrication and installation of the one additional pallet, which will provide an administrative office on site. Additionally, this report authorizes funding of \$12,865 to add a fence at the Tiny Home Village site located at 6073 Reseda Boulevard in Council District 3.

Public Works BOE Reimbursement

Throughout the term of the Roadmap, BOE has provided project management and architectural support in the construction of the Tiny Home Villages, ABH, Safe Sleep, and various interim housing projects. This report recommends reimbursement related costs for staffing costs from July 1, 2021 through June 30, 2022.

Roadmap Housing Interventions Funding Categories

This report recommends establishing funding categories for the operations of various Roadmap housing and shelter interventions. Attachment 2 outlines the sites that are under each operations funding category. LAHD's report, dated May 9, 2022 (C.F. 21-1458), aims to streamline LAHSA's contracting process by establishing funding categories, which will expedite the contracting process by reducing the frequency of amendments and delays in payments to LAHSA's service providers. As such, this report recommends aligning this and future Roadmap reports with the recommendations in the LAHD report.

Ongoing/Service Costs of Roadmap Interventions through June 30, 2023

The operating/service funding for 70 Roadmap interventions are needed for FY 2022-23. For FY 2022-23, the estimated total needed to continue the operations of existing interventions is \$100 million. The recommendations in this report continue funding for 70 interventions consisting of 4,832 beds. During FY 2021-22, various interventions, such as Project Roomkey, Winter Shelter, Project Homekey, and Safe Sleep sites demobilized, which accounted for a reduction in 726 beds. However, an additional 1,312 beds were added in FY 2021-22 through the completion of Tiny Home Villages, Project Homekey sites, and other interim housing interventions. As such, this report recommends the continuation of previously approved Roadmap interventions. Attachment 2 provides a detailed list of the various sites continuing operations using the County MOU commitment funds.

As part of the Roadmap, each Council District was allocated one two-person LAHSA outreach team to ensure services are offered to the target Roadmap populations. In addition to the outreach teams, the overall Roadmap Outreach program also included five housing navigators, program coordinators, project managers, and other administrative support. This report recommends continuing the Roadmap Outreach Teams through FY 2022-23 with an initial expenditure authority of \$1,854,141, which equates to nine months funding. The remaining three months funding will be provided in a future report.

Real Estate Consulting Services through the Los Angeles County Department of Health Services

This report recommends adding funding to the Letter of Agreement with the Los Angeles County Department of Health Services for real estate consulting services related to identifying, evaluating, and procuring suitable, privately owned sites for interim housing. The services include site design, land-use and permitting evaluation, rehabilitation planning and cost estimates, and Project Homekey construction monitoring.

An additional \$136,328 is needed for this contract to support ongoing costs associated with Roadmap site assessment and Project Homekey construction monitoring.

West Los Angeles VA ABH

A service request was submitted to GSD on November 15, 2021 for the ABH site located at 11303 Pershing Avenue. The service request required ADA Compliant handrails to be added to the stairs leading to the south side entrance. Based on the cost estimate completed by GSD Construction Forces, \$49,229 is required for the fabrication and installment of the galvanized handrails. The work for this project will be completed by GSD. Funding of \$86,817 is also authorized in this report to fulfill outstanding invoices for services such as security, landscaping, and demolition. Additionally, this Report authorizes GSD to enter into an agreement with the VA for a lease term of three years. No funding will be provided for this, as operation and leasing costs are handled by the VA.

Project Homekey 1 Travelodge/Normandie

The Travelodge/Normandie site located at 18606 Normandie Avenue, Gardena, CA 90248 was acquired on November 10, 2020. Initially, the City anticipated that this property would operate as interim housing for up to five years before converting to permanent supportive housing and was provided a State of California Department of Housing and Community Development operating subsidy of \$726,000 for interim use. Due to the extensive renovation required to make the site habitable, it was determined that the most cost-efficient solution was to convert the project to a permanent supportive housing site (C.F. 20-0841). As a result, the property is not operating as an interim housing facility and could not use the state operating subsidy. The City identified an alternative site within the same Council District, CD 15, a Tiny Home Village site located at 1221 North Figueroa Place, with a total of 80 beds for the use of these state operating funds, which have to be used by June 30, 2022. This report recommends that the operations for the THV site located at 1221 N Figueroa Place be realigned from ESG-CV to the Project Homekey 1 State Operating Subsidy and to reprogram \$726,000 ESG-CV in savings to FY 2022-23 Project Homekey services/operations and rehabilitation costs.

Project Homekey 1 Operations/Services and Rehabilitation Allocations

This report allocates up to \$23,043,819 to Project Homekey 1 interim housing sites for the cost of operations/services for FY 2022-23. It also allocates \$11,668,667 for life/safety and accessibility rehabilitation for the remaining work on three Project Homekey 1 sites. This funding reprograms a total of \$29,597,046 in FY 2021-22 in savings for use in FY 2022-23.

Project Homekey 1 Name Changes

This report also notes the new names for a number of motels/hotels acquired through Project Homekey 1. Any future contracts or references to the properties will be in accordance with the requested name changes as detailed in the following table:

Original Property Name	Site Address	New Property Name
Hotel Solaire	1710 7th Street, Los Angeles, 90017, CA 90017	Beacon

Project Roomkey Extension

On April 1, 2022, the City Council authorized a Reserve Fund loan of \$10,665,002 (C.F. 22-0278-S1) to front-fund the extension of the City’s Project Roomkey Program through June 30, 2022. These funds were distributed to GSD, Personnel, the City Clerk, and LAHSA. On March 1, 2022, President Joseph R. Biden, Jr. announced that the Federal Emergency Management Administration (FEMA) will reimburse jurisdictions for costs associated with non-congregate shelters at 100 percent through July 1, 2022. The expected reimbursement date for these funds is pending. To ensure proper staffing and service is available for Project Roomkey participants, this report recommends extending the demobilization date of the Mayfair Hotel and the LA Grand by one month each. The schedule listed in Table 2 provides the new recommended end dates for the Project Roomkey sites to allow sufficient time to properly ramp down and demobilize. It should be noted that all FEMA reimbursable costs incurred after July 1, 2022 will be reimbursed 90 percent, which is still above the normal 75 percent cost share for FEMA Public Assistance projects.

Table 2 Ramp-down Schedule for Project Roomkey Extension

CD	Site	Beds	Start Date	Current End Date	Recommended End Date
1	Mayfair Hotel	276	8/11/20	6/30/22	7/31/22
14	LA Grand	483	5/11/20	6/30/22	8/31/22

This report recommends the amendment of the approved Recommendation No. 10a. relative to the Tenth Roadmap Funding Report dated March 3, 2022 (C.F. 20-0841-S21), which includes funding for a Senior Management Analyst I, a 120-day Senior Real Estate Officer, and other contractual costs that are required by GSD. Additionally, funds are recommended to be added in the amount of \$381,200 to support services provided by GSD, which include property management through a contract with CBRE and the inspection and processing of damage claims.

Expenditure authority is approved through December 31, 2022, to allow the City departments and LAHSA to thoroughly inspect, clean, and repair all rooms and close out expenditures for the overall Project Roomkey program.

Safe Parking Sites

Safe Parking at 15830 Oxnard Street in Council District 4

In the third Roadmap funding report that was approved by the Council and the Mayor on December 1, 2020, \$109,506 was approved for the Safe Parking site in Council District 4 located at 15830 Oxnard Street. These funds were not expended due to the infeasibility of the site, and therefore this report recommends reappropriating the approved funds into savings.

5455 West 111th Street in Council District 11

LAWA received approval from the Federal Aviation Administration in a letter dated January 27, 2022, for a one-year safe parking pilot program for up to 50 cars at 5455 West 111th Street in Council District 11. This report recommends providing LAHSA the authorization to enter into or amend an existing contract with Safe Parking LA to provide services for this Pilot. At this time, a total of \$109,506 in reappropriated savings from the Safe Parking Site at 15830 Oxnard Street is recommended to fund operations at the Safe Parking Pilot in Council District 11.

Council District 3 Pilot Programs

On September 10, 2021, the City Council and Mayor approved a Motion (C.F. 21-0316) to transfer funds in the amount of \$77,000 to support the implementation of a pilot storage program where residents at the nearby ABH and Tiny Home Village can store their excess belongings to ensure residents have a smooth transition into interim housing. This report seeks to rescind Recommendation 2 in the motion and transfer \$77,000 for a contract with About My Father's Business to operate a storage pilot program in Tarzana.

In FY 2022-23, Council District 3 introduced two additional pilot programs, the SHARE! Collaborative Housing (C.F. 21-1023) program and the Multidisciplinary Street Team (C.F. 21-1022) with the San Fernando Valley Community Mental Health Center. The SHARE! Collaborative Housing program provides outreach support for affordable, permanent supportive housing to individuals experiencing homelessness through a shared-housing model where individual tenants are matched to single-family homes and supported by a community of housemates. The Multidisciplinary Street Team provides support to persons experiencing homelessness to transition participants from interim housing to permanent housing through counseling, job training, housing readiness and navigation, and by tracking successful linkages. Both programs are coordinated through LAHSA and this report recommends incorporating the CD 3 SHARE! Collaborative Housing program and Multidisciplinary Street Team in LAHSA's 2022-23 General Fund contract for services through June 30, 2023.

Council District 11 General Fund Programs

In 2021-22, Council 11 provided General Funds for the Encampment to Home initiative at Ocean Front Walk. Encampment to Home provides services through the Coordinated Entry System, provides financial assistance, housing relocation, and housing stabilization services to persons and households experiencing unsheltered homelessness who are vulnerable to contracting and spreading COVID-19. Motel vouchers were provided in Council District 11 to locate, move into, and ultimately retain permanent housing.

Additionally, the SHARE! Collaborative Housing program was approved by City Council for an additional pilot for 75 to 100 shared housing beds in Council District 11 through November 30,

2022, to rapidly rehouse more clients. These programs are currently administered by LAHSA and this report recommends rolling over any unspent balances from the 2021-22 LAHSA General Fund contract to the FY 2022-23 LAHSA General Fund contract.

Rapid Rehousing Funding Authority

On June 3, 2021, the City Council and Mayor approved the Homelessness and Poverty Committee Report dated May 27, 2021 (C.F. 20-0841), which allocated \$82,285,920 ESG-CV dollars to LAHSA for the Rapid Rehousing/Shared Housing program. According to the Roadmap Quarterly report for the quarter ending March 31, 2022, LAHSA had placed 1,915 households. As of May 13, 2022, LAHSA reported placing 2,088 households. LAHSA is continuing to administer the Rapid Rehousing program and is projected to spend over the current expenditure authority of \$55 million. Additionally, the U.S. Department of Housing and Urban Development extended the expenditure deadline for one year to September 30, 2023. As a result, this report recommends increasing LAHSA's expenditure authority to the full remaining rapid rehousing allocation of \$82,285,920 to ensure services continue through at least December 31, 2022.

Reprogramming PY 46 Emergency Solutions Grant

In 2020 or PY 46, the U.S. Housing and Urban Development Department allocated \$4,969,618 in ESG to the City and the City therefrom contracts with LAHSA for the planning, oversight, administration, coordination, monitoring, and reporting on ESG-funded programs operating within the Los Angeles Continuum of Care (CoC). Funds allocated for PY 46 must be spent by August 2022. In order to meet this expenditure deadline, this report recommends reprogramming unspent PY 46 funds in the amount of \$1,481,461.10 to LAHSA's PY 47 programs such as the HMIS, Winter Shelter Services, Emergency Shelter Services, and the Downtown Drop-In Center.

FISCAL IMPACT STATEMENT

There is no impact to the General Fund as a result of the recommendations in this report at this time. The recommendations in this Report will be funded with the City's General Fund approved for homelessness interventions; HHAP-2; ESG-CV; and the County service funding commitment from FY 2021-22 and FY 2022-23.

FINANCIAL POLICIES STATEMENT

The recommendations in this report comply with the City Financial Policies in that budgeted funds are being used to fund recommended actions.

(1) Does not include Roadmap interventions that are in existing agreements with the County.
 (2) Operating costs vary by intervention type: ABH Beds: \$60/bed/night; Tiny Home Villages: Leased Facilities: Year Round Shelter: \$55/bed/night; Project Homekey: \$65/unit/night; Safe Sleeping: \$67/person/night; and Safe Parking: \$50/car/night. Project Roomkey costs vary by site. 324 Winter Shelter beds ended on October 31, 2021.
 (3) Committed funds used to front fund the Project Roomkey extension are expected to be reimbursed by the FEMA, at which time the funds will be available for programming.
 (4) County Services allocations are restricted to services, leasing, FFE, and start up costs.
 (5) Reflects the entire cost of the program for two (2) years using ESG-COVID.
 (6) 2300 S Central is part of the City Project Homekey Program. The site will operate a Safe Sleeping Program until the owner/operator is ready to begin construction on permanent supportive housing.
 (7) Placements funded with City funding for Measure H Strategies will be counted toward the Roadmap target of 6,700 interventions.
